The Company »

Established in 1996, Fast Forward Direct has a reputation for being fast, reliable and, above all, professional.

The company has remained committed to its original aim of providing a high quality service designed to meet the changing requirements of modern industry and commerce.

We operate from our warehouse and office in Spalding Road Business Park in Bourne and have vehicles strategically based around the Peterborough and surrounding area for quick response, plus have trading partners around the UK to give a complete nation-wide service.

Our client list speaks for itself including many blue chip and world-wide companies whose reputations rely on keeping promises and deadlines, but also those small businesses that need those same standards to compete in today's environment. We aim to give an efficient service 24 hours a day to each client whether they choose to use us once a day, or once a year.

The Choice »

We offer a complete range of delivery services to meet all your needs. From your enquiry, we can tailor the most suitable and cost effective solution to fulfill your criteria.

Dedicated Sameday Delivery (cars-vans-transits)

We have a range of vehicles available 24/7 to move an envelope to pallets at a moments notice. Prices are dependent on miles traveled, so instant quotes available via our software at the time of enquiry.

Nextday Delivery (next working day / by noon / 10.30am / 9am)

Designed for packaged goods for next working day delivery with by noon, 10.30am, and 9am options. Prices dependent on size and weight rather than distance.

Dedicated Economy service (part loads-fragile loads-return loads)

Ideal for those large, unpacked, or hazardous goods which require a dedicated service but not so urgent on speed. These goods will travel on our vehicles as a part load. Costs are dependent on location and speed.
